Role of Custodian Agencies

For **Tier II** Indicators:

- Help ensure comparability of country data
- Support capacity development of data producers
- Compute regional and global aggregates
- Provide data for the global SDG indicator database

Data Reporting Platform

• For all five indicators

• Direct access and data input by NSOs

• UNDP country offices can view data

• Annual reporting calendar
SDG 16 Survey Initiative

• Nine SDG 16 indicators draw on population surveys

• Population surveys = good data source: high data quality, disaggregation

• Challenge for NSOs: regular implementation comes with high costs

• “SDG 16 Survey Module” by UNDP, UNODC and OHCHR: to integrate survey modules in on-going household surveys
